

PACIFIC COAST.

The Little Cup in the Grape Flowers.

THE MAGNATES AT SANTA ANA.

Thunder and Storm and Its Effect—Usual Overdose—He Lit the Fire with Coal Oil.

Associated Press Dispatches to the HERALD. SAN FRANCISCO, May 31.—Many reports of damages wrought to the vineyards by the norther of Friday and Saturday, have been sent to the Chief Agricultural Officer. H. Crab, of Oakville, writes, that the desiccating wind has dried up every drop of moisture in the little cup that receives the pollen in the grape flower, and in many instances the berries will be very great, as nearly all the vineyards are in bloom. A destructive bug similar to that which has caused some damage to vineyards in the northern part of the State, is reported at the vineyard of K. L. Dorn at the Escondido, San Diego county. It has been destroying the foliage on from three to five hundred vines each day.

STANFORD AT SANTA ANA.

He Takes a Ride and Looks Over the Country.

SANTA ANA, May 31.—Leland Stanford, President of the Central Pacific Railroad Company, accompanied by General Manager A. N. Towne and other railroad magnates, arrived here to-day on an inspection tour. Private conveyances met them upon their arrival on their special train, and the party were driven down on the celebrated San Joaquin ranch. Also, a flying inspection was made of the surveys of their proposed route through from Santa Ana to San Diego.

Recent developments point conclusively to a speedy extension of the S. P. branch through to San Diego.

The party left by special train for Los Angeles at 4 p. m. to-day.

AT TUSTIN CITY AND NEWPORT.

TUSTIN, via Santa Ana, May 31.—The Stanford-Crocker railroad magnates paid our town a flying visit to-day. The all-absorbing talk on our streets is that "Tustin will soon be located the two great transcontinental railroad lines. The surveys of the road were hurriedly inspected and the party went to Newport Landing from here, returning to Santa Ana.

ORANGE NOT NEGLECTED.

ORANGE (via Santa Ana), May 31.—Leland Stanford, A. N. Towne and Charles Crocker arrived here by private conveyance from Newport landing. A general inspection of the grounds lying adjacent to Orange were hurriedly gone over. Rumor says that it is one of the probabilities of the future that the town of Orange may not only be located on the A. T. & S. F., but a spur may be run over to the town of Orange by the Southern Pacific.

ELEMENTAL EMOTIONS.

Thunder and Storm—Its Effect on the Crops.

MODESTO, Cal., May 31.—At midnight last night the people of our town were awakened from their slumbers by the most violent peals of thunder ever heard in this section of the country. Flashes of lightning followed each other in rapid succession, and were so vivid that objects could be discerned for several miles away. After the fourth peal, a thunder cloud burst and lasted for a minute or two. It rained very hard.

FLOOD ON THE COLUMBIA.

PORTLAND, Oreg., May 31.—The customary June flood in the Columbia and Snake river valleys is now "on" about two weeks ahead of time, and they are considerably higher than usual. The floods are caused by the melting snow in the mountains. The town of Lewiston, Idaho, is partly inundated. This afternoon the freight house of the Oregon Railway and Navigation Company at Almol, on the Snake river, was swept away. It was a new building and almost empty.

HEAVENS SPEAK AT MOUNTAIN VIEW.

MOUNTAIN VIEW, Cal., May 31.—Clouds of lightning and thunder and violent winds portended a storm last night, but no rain fell, only a slight sprinkle fell here. The hot weather of the last few days injured the strawberries and grain crops.

DIFFICULTY IN FREIGHTING AT PORTLAND.

PORTLAND, Oreg., May 31.—The inclines of the Northern Pacific at Kalama and on the opposite side of the river are under the water, and the large transfer boat cannot run, so the trains cannot reach here. Transfers were made by boat from this city to Kalama to-day, the freight breaking bulk.

LIGHTNING AFTER OUR WINE.

STOCKTON, May 31.—Early this morning the winery of Henry Myers, with 18,000 gallons of wine, was destroyed by fire. The insurance agent attributes the cause to lightning.

THE USUAL OVERDOSE.

SAN BERNARDINO, May 31.—Last night S. C. Schur died from an overdose of morphine, taken accidentally. Mr. Schur has resided in this city many years, where he has made a fortune in the drug business.

COMMON OCCURRENCE.

Young Man at San Jose Does the Coal Oil Act.

SAN JOSE, Cal., May 31.—News is just received here of a terrible burning of a young German named Herman Dunholter, at Berryessa, on Saturday evening, on the orchard farm of Mr. Glawieles. He attempted to expedite the kitchen fire by pouring coal oil on it from a gallon can two-thirds full, when an explosion occurred. Mr. Glawieles, who was in the back yard, heard his screams and attempted to enter the house, but was driven back by the flames, and on running to a rear door found Dunholter in the yard, rolling in the grass and attempting to tear off his clothes. The flames were extinguished with water, and the house was saved with great difficulty. Dunholter is terribly burned all over his body and limbs, and will probably lose one hand.

TO CONDEMN RIGHT OF WAY.

Redwood's Efforts to Make a Railroad Opening.

REDWOOD CITY, May 31.—A case important to San Mateo county, and especially to the people of the San Mateo valley, is now being tried before Judge Head. The suit is brought by the county to secure right of way to El Coyote, formerly a barren but now a thickly wooded country two miles east of San Mateo.

INTERESTED PARTIES.

Suit was begun two years ago at the suggestion of Assistant United States Treasurer Maynard, then editor of the San Mateo County Journal, who urged the condemnation of a right of way to the point, on the ground that, being a shipping point at deep water for which El Coyote was the most desirable location in the neighborhood, it was necessary to the needs of this community.

THOSE INTERESTED IN FAVOR OF THE CONDEMNATION BELIEVE THAT A COMPETITIVE FREIGHT AND PASSENGER TRANSIT TO AND FROM SAN FRANCISCO AND ELCOETE WOULD ASSIST IN THE BUILDING UP AND PROTECTION OF SAN MATEO. OTHER OWNERS OF PROPERTY OBJECTED TO THE COURSE OF THE PROPOSED ROAD, HOLDING THAT IT WOULD INJURE THE FIELDS IT CROSSED. BY IT, BOTH AS A SALE AND AS TO ITS USE, IT IS TACITLY UNDERSTOOD THAT WHEN SUIT BEGAN, THE OWNERS WOULD GIVE THE COMPANY THE ROAD ALREADY BUILT. NO ARRANGEMENT APPEARS TO HAVE BEEN MADE AFTER TWO YEARS, SINCE THE SUIT WAS BEGUN. UNLESS COMPROMISED THE EASE PROMISES TO TAKE SEVERAL DAYS AND ITS DECISION IS AWAITED WITH GREAT INTEREST.

SAN DIEGO NEWS.

Purchase by the S. P. R. R.—Numerous Thieves—The Fire.

SAN DIEGO, May 31.—The Southern Pacific Railroad Company purchased twenty acres on the flats between Roseville and Old Town this morning, where they will erect their car shops and have easy access to deep water. The coming of this line to San Diego is now an assured fact. Other heavy purchases by them are rumored and real estate is very much excited.

OVERSEEN WITH TRAMPS.

This city seems to be overrun with tramps and thieves. Robberies are frequent and safe-cracking is an almost nightly occurrence. Last night the safe of the Court Exchange saloon was drilled, right opposite Police Headquarters, but nothing of value was taken. Restaurant keepers frequently jump the town at midnight. Bobbie, proprietor of the Coronado restaurant, skipped out owing several hundred dollars yesterday, but was caught at Old San Diego.

BUILDING BURNED BY LIGHTNING.

The first burning of a building by lightning in this county occurred Sunday night. Alexander Bell's large new barn at Escondido was struck and destroyed with its contents. The loss is over \$3000; uninsured.

DASSONVILLE'S ARRESTED.

Charged with the Murder of a Banker.

NEVADA CITY, Cal., May 31.—Henry Dassonville and wife were arrested yesterday, charged with the murder of Philip Richards, the banker. Mrs. Dassonville has been admitted to bail in the sum of \$5,000.

MURDER SENTENCED.

SAN FRANCISCO, May 31.—John Hamilton, who shot and killed John N. Massey, April 2, 1882, was sentenced by Judge Toohy to-day to five years imprisonment in San Quentin. Hamilton was once under sentence of death for this murder, but was granted a new trial by the Supreme Court. On the second and third trials the jury disagreed, and on his last trial the jurors agreed upon a compromise verdict of manslaughter.

Accidental Shooting.

SAN FRANCISCO, May 31.—Police officer J. E. Hopkins shot his wife last evening during a quarrel. He claims that the shooting was accidental, and that he was trying to get the pistol away from her when it occurred. The wound is very dangerous, though not necessarily fatal.

Corporation at Hollister.

HOLLISTER, May 31.—A meeting was held to-night by business men here for the purpose of organizing a fruit drying and canning corporation. Its capital stock was set at \$20,000, which has nearly all been subscribed. A board of directors was elected, as follows: Dr. Flint, Joseph King, J. Whakins, S. A. Woods and D. K. Sanford.

Reduction of Public Debt.

WASHINGTON, May 31.—It is estimated at the Treasury Department that the decrease in the public debt during the last month has been \$10,000,000.

KISSANE'S PROSECUTION.

Prosecuting Attorney Says No Steps Taken in Six Months.

HELENA, Ark., May 31.—The Prosecuting Attorney of this District was questioned concerning the steps he had taken and contemplated in the apprehension of Billy Kissane. He said he had searched diligently for the whereabouts of witnesses, and had learned that most of the material ones were dead. As for the criminal branch of his case, Kissane might rest easy on that score. He did not believe anything could be done on the bond which was given to secure his appearance at the Phillips County Court, the time having outlived the obligation of the bond. For six months at least no steps of any kind will be taken from this court against Kissane.

Death of a Noted Traveler.

LONDON, May 31.—Professor Wagner, the African traveler, committed suicide at Munich to-day. Colonel Ridgway, of the British African Commission, leaves St. Petersburg for London on Thursday. He will return to St. Petersburg shortly.

The Girl's Home.

A number of those interested in the Girls' Home met last evening in Justice Austin's courtroom and listened to the reading of the Articles of Incorporation, which had been prepared by Mr. M. L. Wick. It was decided to have these filed with the County Clerk, after which there will be a meeting of the Board of Trustees, at which officers will be elected, and thereafter the business matters in connection with the establishment and maintenance of the Girls' Home will be transacted in a regular manner.

EASTERN.

The Happy Day When Jay Gould Was Gay.

GEN. SHERMAN CAMPAIGNING.

Blaine Will Make a Long Tour of Europe—The Daily Murder.

Associated Press Dispatches to the HERALD. BOSTON, May 31.—The Pacific Railroad Investigating Commission continued its public session to-day. Governor Ames took the stand and told the story of his connection with the Union Pacific. He described the manner in which Jay Gould obtained control of the road. Governor Ames said that Jay Gould looked particularly happy as soon as the deal was consummated, while he (Ames) never saw a more gloomy set of men than the Union Pacific Directors.

SHERMAN CAMPAIGNING.

He Visits Springfield to See the Legislature.

SPRINGFIELD, Ill., May 31.—Senator Sherman and party arrived here this evening and held an informal levee at the Leland Hotel, after which the Senators and party were driven to Senator Culbert's house to dinner. To-night Senator Sherman was tendered a reception, which was largely attended both by members of the Legislature, citizens and by Governor and Mrs. Oglesby. Senator Sherman comes to Springfield by the invitation of several leading Republican members of the Legislature, and will to-morrow speak upon the political issues of the day. Elaborate arrangements are being made for the occasion.

HE SAILS AWAY.

Blaine and Family Will Make the Tour of Europe.

AGUSTA, Me., May 31.—A special to the World's correspondent to-day says: Blaine said, "I am going abroad, and my wife and two daughters, Marguerite and Hattie, will make up the party. I will go on the North German Lloyd's steamship Ems, which sails on June 8th (Wednesday week). We will stop at Southampton, and thence are going at once to London. We intend to spend considerable time in traveling through Great Britain. After leaving England we will probably go into Scotland and Ireland; then I think we shall spend some time in Germany, and after that we shall take in France. By this time it will probably be getting so late in the year that Spain and Italy will be comfortable. We intend making a trip north through these countries and spend next winter in Spain. We propose also to make long visits to Rome and Greece, and perhaps stop for a brief time in Constantinople. We shall probably view the scene of the recent earthquakes in the adjoining portions of Italy; so we merely drift about and take our time. We must alter or make our plans largely by what turns up."

THE DAILY MURDER.

Herald's Telegraph Editor Would Do the Same.

CHENEY, W. T., May 31.—Yesterday afternoon Mrs. Herman Tallor, living near the Deep Creek Falls, in this Territory, shot and killed her husband. He had accused her of infidelity and then threatened to kill her, at the same time starting for a gun standing in a corner of the room. She ran to a bureau and seized a revolver and shot him dead. She then walked to an open window and surrendered herself up.

TREATING WITH THE GROS VENTRES.

WINNIPEG, Manitoba, May 31.—A dispatch from Fort McLeod says: Gen. Dewdney has had a talk with the Blood Indians. They agreed to keep out of the Gros Ventres' country and to avoid fighting. The government will try and recover their stolen horses. It is thought the United States government will write the Gros Ventres across the boundary line.

MEXICAN BANDITRY.

A Hard Fight Near Their Last-Summary Executions.

BROWNVILLE, Texas, May 31.—Yesterday morning the Bolas, a cut-off above the Santa Maria in Mexican territory, and a refuge for desperate bandits, thieves and smugglers, was raided by forces from both sides of the river. Sheriff Britton of this county and Deputy Cavanaugh of Hidalgo, with about fifty rancheros and deputies, entered the cut-off and drove out the bandits, who met with a warm reception from a detachment of the Third Cavalry under the command of Colonel Nieves Hernandez, on the other side of the river. A sharp fight ensued in which Colonel Hernandez was wounded. One of his men was killed and another wounded. One bandit was killed and several wounded, and a number of them captured. Several of them were well known murderers. These were executed on the spot. A large amount of stolen stock was found and returned to its owners.

THE THISTLE OWNERS.

Let the Best Boat Win—Will Try in America.

LONDON, May 31.—The Daily News commenting on the yacht race says: "There is little doubt about the Thistle trying to overhauled herself is she goes on at the present rate. It should take all her time to prepare to contend with anything on the other side of the Atlantic." Bell, owner of the Thistle, in speaking at a banquet given by the Harwich Yacht Club last evening said he felt that the undertaking of an American contest was anything but a light matter, but that it was a formidable ordeal. All he and his friends wanted was, and if he failed to win it would be because he was unable.

HAWAII THROWS HIS GANNETS.

CHICAGO, May 31.—Hawlan announces that on his return to Canada he will challenge Gaudreau to row yesterday's race over again, under similar conditions.

MRS. BOOTH'S CHILD.

Sheriff Kays Takes It to San Francisco.

On Saturday papers were received at the Sheriff's office from the Supreme Court at San Francisco requiring Sheriff Kays to produce the child of Mrs. W. H. Booth before that court. Sheriff Kays was not here and nothing was done in the matter until the receipt of a telegram on Monday evening which asked what had been done in the matter. A search was then made, and it was ascertained that Mrs. Booth had registered at the Nadeau House on the 25th of May. When that fact was ascertained it was found that neither Mrs. Booth or the child were at the hotel and Deputy Sheriff Benedict waited until it became evident that they had gone to some other place for the night. Yesterday morning Mr. Benedict went to the depot and there saw her alight from the train from Santa Monica. He followed her until she entered the Nadeau House where the writ was read to her. Mr. Benedict kept watch of the child until 1 o'clock, when Sheriff Kays took charge of it and in company with Mr. Albert Jenks left for San Francisco. Mrs. Booth remaining here. Mrs. Booth is the stepdaughter of Mr. Albert Jenks, a respected citizen of this city. She was married in 1878 to W. H. Booth, of San Francisco, and they lived in that city at No. 1512 Pine street. In the fall of last year Mrs. Booth separated from her husband and in November began a suit for divorce, which ended in the child being awarded to her. ST. JAMES!

ST. JAMES!

\$1.00 Grand Excursion Saturday, June 4th, \$1.00

To the New Town of St. James.

The train will leave the Commercial Street Depot, Los Angeles, at 8:30 a. m. via Southern Pacific Railroad to Anaheim, where carriages will be in waiting to convey all parties holding excursion tickets to St. James and return free of charge. After a free lunch a GRAND AUCTION SALE will be held on the grounds by Matlock, Newton & Matlock. Two hundred and fifty choice lots will be offered for sale without reserve to the highest bidder. The big flour mill, turning out 100 barrels per day, utilizes but a small portion of the magnificent WATER POWER. A thickly settled farming community, and the great Santa Ana and Santiago canyons will make ST. JAMES their business center. The nearest towns are Anaheim and Orange, distant about 5 miles, while Rincon is 15 miles away. ST. JAMES will have the principal depot of this section. Remember that first buyers in our towns always make money. Property values in the neighborhood will double and treble on the day of sale.

TERMS.— $\frac{1}{3}$ cash, $\frac{1}{3}$ in 6 months and $\frac{1}{3}$ in 12 months; \$25 on drop of hammer; balance of first payment on or before 15 days from date of sale. FARE, ROUND TRIP, \$1.00.

Summons.

IN THE SUPERIOR COURT OF THE State of California, in and for the county of Los Angeles. Eugene Thomas, Ellen M. Thomas, Vida Thomas, Edna Thomas, William Thomas and Ethel Thomas, minors, by their guardian, M. J. Brown, plaintiffs, vs. Nelson Crawford Siddons and James Stockton Siddons, defendants.—Action brought in the Superior Court of the State of California, in and for the county of Los Angeles, and the complaint filed in said county of Los Angeles in said court of said Superior Court, the Clerk of said Superior Court, the People of the State of California, send greeting to the defendants, and to answer the complaint filed therein, within ten days (exclusive of the day of service), after the service on you of this summons, if served within this county; or, if served elsewhere, within thirty days, or judgment by default will be taken against you according to the prayer of said complaint.

The said action is brought to obtain the judgment of this court determining the interest of the defendants herein in and to the W $\frac{1}{2}$ of the NW $\frac{1}{4}$ of Sec. 9, Tp. 2 S., R. 13 W., S. B. M. and that by said decree plaintiffs be declared the owners of said premises and that the defendants, or either of them, have no interest or estate therein, and that they be forever debarred from asserting any claim whatever in or to said land and premises adverse to plaintiffs, and for such other and further relief as to the court may seem meet, and for costs of suit. Reference is made to complaint for particulars.

And you are hereby notified that if you fail to appear and answer the said complaint as above required, the said plaintiffs will cause your default to be entered and apply to the court for the relief demanded in the complaint.

(L. S.) Given under my hand and the seal of the Superior Court of the State of California, in and for the county of Los Angeles, this 12th day of May, in the year of our Lord one thousand eight hundred and eighty-seven.

Notice of Foreclosure Sale.

JOHN D. CHAFFEE, PLAINTIFF, vs. Thomas Padgett, et al., defendants. Sheriff's Sale No. 556. Order of sale and decree of foreclosure and sale.

Under and by virtue of an order of sale and decree of foreclosure and sale, issued out of the Superior Court of the county of Los Angeles, State of California, on the 6th day of May, A. D. 1887, in the above entitled action, wherein John D. Chaffee, the above named plaintiff, obtained a judgment and decree of foreclosure and sale against Thomas Padgett, et al., defendants, on the 5th day of May, A. D. 1887, for the sum of \$84.69 in lawful money of the United States, which said decree was, on the 7th day of May, A. D. 1887, recorded in Judgment Book 7 of said court, at page 565 et seq. I am commanded to sell all that certain lot, piece or parcel of land situate, lying and being in the county of Los Angeles, State of California, and bounded and particularly described as follows, to wit:

Beginning at the northwest corner of the tract assigned to Nieves Lopez de Perain in partition of said rancho by the District Court of Los Angeles county in the year 1868, and running thence south to the water ditch; thence N 76° E near the bank of Santiago Creek six and 14/100 (6 14/100) chains; thence N 40° 30' E, twelve and 84/100 (12 84/100) chains; thence N 15° 30' E five and 25/100 (5 25/100) chains; thence N 32° E four and 35/100 (4 35/100) chains; thence west sixteen and 90/100 (16 90/100) chains to the point of beginning, containing twenty and 92/100 acres of land, together with such portion of the Santiago water right owned by Thomas Padgett, February 21, 1880, as the said 20 92/100 acres of land is a portion of the irrigable lands owned by Geo. & Bond at the time they deeded said land to A. E. Haines.

Public notice is hereby given that on SATURDAY, the 11th day of June, A. D. 1887, at 12 o'clock M. of that day, in front of the Court House over of the county of Los Angeles, on Spring Street, I will, in obedience to said order of sale and decree of foreclosure and sale, with the will annexed, and subject to the above described property, or so much thereof as may be necessary to satisfy said judgment, and to the interest, to the highest bidder, and best bidder, for cash in lawful money of the United States.

Dated 11th day of May, 1887.

IN THE SUPERIOR COURT

OF LOS ANGELES COUNTY, STATE OF California. In the matter of the estate of Narcisse Saveris, deceased. No. 5542. Order to show cause—DOLores A. RAY-RIA, the executrix of the last will and testament of Narcisse Saveris, deceased, having filed her petition hereto duly verified, praying for an order to mortgage for the sum of one thousand (\$1000) dollars, for the purpose of redeeming a certain part of the real estate of said decedent, described as follows: A certain tract of land situate, lying and being in Los Angeles County, State of California, being part of the Rancho La Ballona, bounded on the north by the Lucas Rancho; east, by lands of A. Rose; south, by lands of S. Cripe, and west, by lands of Machado, containing about 124 acres.

It is therefore ordered by the undersigned, Judge of said Court, that all persons interested in the estate of said decedent appear before the said Superior Court on Monday, June 13, 1887, at 10 A. M. of said day, at the Courtroom of Department Two of said Court, in the City of Los Angeles, and County of Los Angeles, to show cause why the said realty, or some part thereof, should not be mortgaged by the said executrix, for the said sum of \$1000, or such lesser amount as to the Judge of said Superior Court shall seem meet, according to the petition of said executrix on file herein, to which reference is made for further particulars, and why such other and further orders should not be made in the premises.

It is further ordered that a copy of this order be published at least four successive weeks in the Daily Herald, a newspaper of general circulation published in the said county.

THE CONTEST.

Conclusion of the Testimony—The Case Ended.

A number of witnesses were examined yesterday on behalf of the contestant in the contest between Hon. J. D. Lynch and Gen. Wm. Vandever.

W. H. Gladstone testified that he voted at the engine house, on Main street, near First, at the last election. He had voted the Republican ticket. He had been taken into a saloon and filled with liquor, and then given a Republican ticket and \$5 was handed to him. He voted the ticket and was to have received \$15 afterward to work for the Republican ticket. If he had not been drunk he would not have voted the Republican ticket.

Cross-examined—He went into the saloon and was given from ten to fifteen drinks. He knew that he had voted the Republican ticket. He had an idea of what he was doing, but he was influenced while he was in a state of intoxication. If he had not been influenced that way he would have voted the Democratic ticket. He knew the man who gave him the ticket, but did not know his name. He was afterward given \$15 for working for the Republican ticket and for Monroe.

Ramon Chavez testified that he voted at the depot precinct. He voted the Republican ticket to help a man who made him vote. The man gave him a ticket and paid him \$7.50 to vote and to help him with his ticket. The money was given to him in a saloon in front of the depot. He did not know of anyone else who had received money. He did not know the occupation of the man who gave him the money. He was told that the ticket was Republican by the man who gave it to him.

CROSS EXAMINED. He was somewhat intoxicated, a little dizzy, on that day. He did not remember taking a drink with Mr. Appel, nor of stating to him that he had voted the Democratic ticket. He knew the ticket he voted was Republican because the man who gave \$7.50 to him told him it was. Witness was a Republican.

Bernardo Castillo testified that he knew Sylvester Altamirano, who wanted him to vote, but he told Altamirano that he was not registered here. Altamirano said that made no difference, he could vote anyway. He gave witness some tickets, but he did not want to vote them. He did not tell witness what the tickets were.

F. R. Pitney testified that he was at the depot precinct on the last election. He was working for Mr. Monroe and the Republican ticket. He had charge of Mr. Monroe's campaign at the depot, and had received \$120 from him to hire workers with. The money was used in the election, paying for workers and for whisky and other necessary expenses. Witness had paid out the money to several workers. Captain Darcy was at the depot working for the Republican buying votes.

CROSS EXAMINED. He was not working for the Republican ticket. Was not working for some of the Democrats. Did not say he was. He did not expect to be compensated for his testimony. He had been asked to testify for Gen. Vandever, but had stated that his testimony would not do him any good. He had seen Biddervain and McCaffrey buying votes for the Democratic party. He had also seen Republicans doing the same thing.

Hon. Stephen M. White testified that he had no recollection of Judge Brunson telling him that parties could vote on certificates. It is possible he might have told witness. He had advised people that they could not vote unless they had been registered thirty days prior to the election. If witness had had the conversation with Judge Brunson, he would not have given that advice, for he would have known what was coming.

Cross-examined—He did not know of any persons voting on certificates since the change of the statutes prior to this election, although it might have been done in an illegal manner. Recross until 2 o'clock.

AFTERNOON SESSION. Jose Antonio Tapia was called. He voted at the depot. Alfredo Carrillo gave him a ticket and gave him \$4 to vote it. He voted the ticket and was told that it was a Republican ticket. He is 37 years of age. His father was killed in the war. J. A. Hurry offered to pay witness for time lost in testifying. He is a Democrat and voted that ticket generally. He voted the Republican ticket in consideration of the \$4. given by Carrillo. "I swear positively that Carrillo gave me \$4.00 for voting the Republican ticket at the general election in November." A man named Ybarra told him to go to Carrillo for a ticket. If Carrillo had not given him the \$4.00 he would have voted the Democratic ticket. He wanted to vote the Democratic ticket. Would not take money to vote the Democratic.

Frank Pitney, member of the City Republican Central Committee, was recalled. Was working for Republican party on November 2nd last. Know Alfredo Carrillo, and knew he was working the Republican ticket. "I swear positively that Carrillo was working the straight Republican ticket." Day before election I was up in the Republican County Central Committee rooms, and had been there off and on for two weeks before election. During that time I saw money paid by members of the County Central Committee to different persons. The money was paid by Mr. Book, Secretary of the Committee. I received no money. The money was given for election purposes. Money was given to Juan Sanchez and others. Sanchez got \$100.

The contest then adjourned sine die and John Roberts, attorney for contestant, felt so much satisfied with his side of the case that he invited all hands to take a parting drink. The invitation was accepted with alacrity and the convulsion broke up with the best of feeling on both sides.

The notices on both sides, Captain Seaman and E. H. Owens, have been very patient throughout the extended contest and the honored men, Messrs. Longley and Cherry, have performed their arduous duties in the most satisfactory manner.

A Grand Idea.

Senator Stanford yesterday in an interview with railway employees, inquired if they had a library and reading room. Gen. Hewitt, the Division Superintendent, stated that there was no such institution for the railway men in the city. Senator Stanford requested General Hewitt to examine into the feasibility of establishing such an institution in the city, and of course that means that the General will select a site and prepare a plan for such a valuable institution in this city. When the Senator will see that it is a properly endowed and free from debt. The idea is excellent, and will reflect honor upon the founder, whose deeds of benevolence are on a grander scale than that of any other man.

Los Angeles Wastage.

A well-considered article upon Los Angeles sewerage, from the pen of General J. M. Baldwin, appears elsewhere in this issue of the HERALD. The General is entirely competent by his knowledge and experience to treat this question from a scientific and practical standpoint. It will be seen that he takes the same view as to the disposition of the sewage that the HERALD has always advocated. Thousands of acres of land below this city can be brought into the highest state of cultivation if enriched by the wasteage carried through our sewers. Those lands need this sewage in order to give them value, and it would be simply preposterous to construct any system of sewers that did not take the fertilizing properties of the wasteage of the city into account. It may be that whoever accepts the sewage at the mouth of the system may find it necessary to have means of conveying the winter surplus to the ocean; but that is a consideration that need not cause any concern to our city now. There is already a company which now receives the small amount of wasteage discharged at the mouth of the main sewer. But with the elaboration of the present and future needs of our city, the sewage will become a matter of very considerable moment—so important, indeed, that we have no doubt some of our enterprising capitalists will see in it the means of a great and profitable investment. The lands to be fertilized must belong to the men or company that are willing to enter into a contract with the city to take and dispose of its sewage. Given, the ownership of the lands to be benefited in a company taking the wasteage, and that company could afford to give the city a very handsome compensation for the sewage. We do not mean a mere bagatelle, but a sum that would cut quite a figure in the regular revenues of the city. It may be said that we cannot be certain that our sewage will be taken and paid for by any company owning extensive tracts of lands below the city; and therefore we ought to plan our system irrespective of any such contingency. This would be good reasoning if the lands needing our sewage did not exist. But they do exist, as we all know. Engineer Jackson has told us that there are over one hundred thousand acres between this city and the ocean that are now almost valueless for cultivation, but that could be made as valuable as our very best lands by the fertilizing wasteage of this city. Therefore we take no risk in saying that the city will find no trouble on the score of disposing of its sewage. The lands need it, and will be of great value without it. Hence it is not possible that these two factors, each of which is the complement to the other, and both together operating to create one of the most profitable investments in the country, can exist in a community like this without being brought to a practical solution. We may, therefore, in considering this sewer question, confine it to a plan that will merely subserve the purpose of carrying off the wasteage from the city, and delivering it to the adjacent lands requiring it, and whose owners will be glad to pay a good round price for it. This does away with all the talk about building a large sewer of solid masonry clear to the ocean—a work that would cost millions of dollars, and which, instead of being a beneficial improvement, would be a monument to the ignorance, stupidity and criminal waste of our people. With the question narrowed down to this limit, we are in position to handle it intelligently. A deep main sewer along Alameda street, extending from that already built, will cure all the evils now complained of on the lower bench of the city. With that and the sewer now running through Main street, all the city on the west side of the river to Figueroa street, could be thoroughly drained. West of Figueroa street would perhaps be required, as General Baldwin says, another main sewer running towards the Ballona. As it is now, there are populated portions of the city without sewerage. The wasteage is let run wherever it will go, and accumulates in ponds

and sinks, where it festers and poisons the air, and will ultimately exact a terrible penalty for our disregard of the laws of hygiene. No city is better situated for easy drainage than Los Angeles. Unless we carry out successfully some well approved plan, we may soon find that even our matchless climate will not preserve us from pestilence. And our neglect—like the star in the Apocalypse which descended upon the sweet waters of the lakes and rivers and turned them into wormwood—may cause our festering cesspools to pollute the air and turn the wholesome atmosphere which might be ours into a deadly combination of noxious vapors.

And now comes a proposition from the Canadian Senate to place American fishermen, when fishing in the "territorial" waters of the Dominion, under the jurisdiction of the laws of Canada controlling the fisheries. The absurdity of this proposition must be apparent. The contention with us is that there are no "territorial" waters within three marine miles of the land, and that outside of that line all vessels are under the jurisdiction of their flag. American fishermen do not want to pursue their calling inside the three marine miles, but they protest against the construction which the Canadians wish to place upon the "territorial waters," by extending the line which encloses them so as to reach from headland to headland, thus giving the Dominion jurisdiction over great arms of the sea which we contend are the common property of nations. If the Dominion will agree to our construction of the treaty of 1818, and accept the line of its jurisdiction as covering three marine miles from the land, following its meanderings, then we shall be quite indifferent to its proposition to bring American fishermen under the jurisdiction of its laws. We catch our fish outside of that line.

We have no doubt that the Atchison, Topeka and Santa Fe Company will settle the difficulty about the switches on First street satisfactorily to our people. They will either build an elevated road to the bridge for the use of vehicles, or they will do their switching inside of their own grounds. The fact is, traveled streets should not be used in common by railroads and vehicles. The city is becoming too populous to permit trains to be run through its built up streets. A line of roadway could be set apart skirting the river to be used by all the railroads, and then all cross streets could be bridged over the tracks. This would insure safety from accident, and make it also less hazardous for the companies, who are liable at any time to be cast in heavy damages for mishaps which, under the present circumstances, are hardly avoidable.

SENATOR STANFORD is desirous of securing a site somewhere near the lower center of the city for a local railroad depot. He thinks that would so far relieve the present depot of the Southern Pacific as to enable the company to make San Fernando street less dangerous to travel. At the present value of lands in this city, it will cost a mint of money to secure space enough anywhere in the lower center of the city for such a depot as the local traffic will require. But the cost ought to be a secondary consideration with them; for the benefits would be incalculable, and the necessities are urgent for such an improvement.

The Council has approved the contracts for paving Main and Spring streets, and this assures us that the work will be prosecuted to a finish. When that is done Los Angeles will not be subject to the adverse criticism she has been receiving from every source about the disgraceful condition of her main thoroughfares.

OUR SEWER SYSTEM.

The Sewage of the City Should Be Utilized as a Fertilizer.

EDITORS HERALD.—The question of the disposition of the city sewage is engaging the attention of thoughtful citizens, for it is now a recognized fact that densely populated localities are liable to epidemics in proportion, as they are unable to rid themselves of the secretions and filth that naturally accumulate. In this connection we call attention to the fact that the railroad surveys made Wilmington road was located show that there is a difference of level between the intersection of Commercial and Alameda streets (near Lankershim's mill) and tide water of 240 feet, and that consequently the discharging of the sewage matter into the ocean is merely a question of engineering skill and cost. But it may well be asked why convey it to the ocean, if it can be used as a fertilizer, and if the people living south of the city will take it and use it as such? Reference to resolution 209 of the City Council (Robinson's compilation) shows that the South Side Irrigation Company has a franchise to take the sewage matter at a point near the intersection of the south boundary of this city and San Pedro, said Company giving a bond of \$15,000 to take and dispose of the same, and guaranteeing the construction of the necessary ditches, etc., to enable it so to do. Reference is had to this resolution simply to show that the sewage matter is so valuable to waste, even if in order so to do it were not necessary to construct a main sewer, say fifteen miles long. As is well known the city makes little or no use of the winter flow of the river, in fact as population increases, the vineyards and orange orchards within the city will be uprooted in order to make way for the habitation of men. When the municipal authorities come to appreciate the value of their water privileges, and by the construction of reservoirs in the hills secure a portion of the winter's flow for summer use, it will be a question as to where the

sewage matter as to render it, comparatively speaking, inefficient, and then vineyardists, orchardists and agriculturists would certainly compete for it. Possibly the saving of the winter's rain may be unnecessary—the reduction of the city's inhabitable area will enable the city to use the summer's flow of the river for the purpose of flushing its sewers.

Assuming that the people between the city and the ocean are willing to take the city sewage and fertilizing purposes if delivered at convenient points, I propose to show that a system can be established, and when combined with what has been done, such as will dispose of all sewage matter in a manner satisfactory to all concerned.

The fact that the river runs through the city makes it necessary to adopt two systems—the one for East Los Angeles, which must be so located as to cross the mouth of the Arroyo de Castilla near covered bridge, and continuing along and near the river bank through the properties of Leonie, Mme. Clement, etc., and be joined by the sewers of Boyle Heights and finally lead southerly towards Fruitland and the sewage matter there delivered to a company such as the South Side or Irrigation Company, to which reference has been had. This the necessity of raising sewage from one level to another is precluded, and the consequent outlay for pumping machinery, not to mention the disagreeable results attending breakage and consequent accidents, avoided, the only power required being that of gravity, which nature furnishes gratuitously, and which works by day or night, or any other light, with all its might.

In connection with the city proper, attention is directed to the fact that the portion of it north of Seventh street inclines towards the river, and that from Seventh street to the southern boundary the dip is more rapid towards the Ballona. It is to be regretted that the large sewer built by Mr. Kellahan along Main street was not located on Alameda street, which latter is at a lower level than the streets east or west of it. Now it is clear that a sewer along Alameda street, commencing as near the upper depot as may be required, and placed at the proper depth, would enable the people of Sonora and all those south of the Ballona and east of Main street to connect with it, and would thus till the bill for a sewer.

If one starts from the reservoir in the hills and follows the valley, passing the woolen mill and proceeding south, one perceives that the drainage is to the southwest, and as the valley drains, which is called, as I learned the name, the Arroyo de los Reyes, crosses Sixth street, between Hope and Charity, and a mile further on crosses Figueroa street north of Washington, and makes its way to the Cienega rancho. One can see without spectacles that a sewer commencing near Twelfth street, and running along Figueroa street to the city boundary south, might be tapped at any street intersection below Twelfth street by the lateral sewers, and the service of the wooden and iron pipes effected by a small sewer following the natural drain and connecting with such lateral sewer as may be found most convenient.

Now it matters not how the sewage question may be disguised, the fact remains that fluid does not run up hill, and that those who want to direct the motions must avail themselves of gravity and of the accidents of the ground. The topography of the city is as above indicated; its sewers must be constructed in accordance therewith, and, after having been laid out satisfactorily far south, they may all be joined in one running southwest to Ballona, if desirable. In connection therewith is the question of waste of a fertilizer, and consequent construction of miles of unnecessary sewer.

People's Store.

Again to-day we give our patrons a benefit. We have selected for our specialties a list which is bound to attract. We have aimed to-day, as we aim every day, to give you what you want, and to give it to you at a price that will make you want to buy from us again.

First we present a line of yard-wide batiste cloths at 6c a yard. In placing this line on special sale we must say that on every yard you save you are getting just 5c. These goods have been sold by us as well as others at 15c a yard.

Second, we offer a box of rubber, containing 12 yards, for 50c. They comprise in color white, pink, and white and black mixed. We sell them daily at \$1.20 a box. To-day, we offer a line of children's grey mixed French ribbed hose at a pair, sold at 10c.

Fourth, we offer a line of shoulder shawls at 10c each. Sold at 25c.

Fifth, we offer an extra large size fringed white bed spread at 75c each. This spread is intended for a double bed and sells all over the U. S. at \$1.25.

Sixth, we offer a ladies wash poplin dress at \$1.25 a yard. Sold at 25c.

Seventh, is a line of Jesse Oakley's triple extracts, all odors, at 50c a bottle. These are two ounce vials of the finest goods manufactured. Trial bottle on the counter.

Eighth, is a line of imported French all-wool hosiery, all colors, at 15c a pair. These goods are acknowledged the best wear resisting goods made. We will offer these goods at 10c a pair. Trial value is 15c.

Ninth, is a line of gentlemen's white, unlined shirts 4c. These goods are trial line hosiery and cuffs and double lined from bottom to armhole. 75c would be cheap for this class of goods.

Tenth, is a line of pure, all wool navy blue twilled flannel, suitable for bathing suits, at 25c a yard, which is far below the price for an all-wool article.

To the traveling public we beg to say that our basement saleroom contains a large array of trunks of all sizes, kinds and descriptions. No such stock of trunks can be seen elsewhere on the coast.

A BROKER'S LIFE.

Advised Not to Adopt the
Business of the Brokers.

From the start, the boy entering a
broker's office will be instructed with
the view of making money to carry to
the parents. He may be in an
office where bank-bills and shining gold
will be seen all the time; and he will
be so completely absorbed in the
glittering display of wealth that he will
be unable to see the danger of the
game. He will be somewhat strange if he
does not begin to look at the get-
ting of money as the most important
thing in life. And when he is a little
older, and becomes clerk or cashier, he
will be exposed to the temptation to in-
crease his income by stock-gambling.
He will be called on to do this on his
own account, and on all accounts
should be warned. A broker requires
the strength of character to resist the
temptation to get wealthy by false
means, and a boy should think long
before he adopts the calling.
The work is done quickly and in
the heat of great excitement and at
all hours, and the money is made
quickly and easily to the broker,
and is highly prized as if it were
earned by the toil which produces a
man's livelihood, and it usually goes
as it comes. Brokers, of course,
and their occupations. They will
not want their services as agents in
the stock market, and bonds are needed;
they will not deny that stock brok-
ing would come to be a profitable
career, except to a very few firms, if
there were to stop speculating in secur-
ities. Of course, there are many men
who have risen to wealth
because of speculators, who would
be a mean or dishonest act.
I know of such men, because they
have been sorely tempted to do
so.

Clear the Way
Without loss of time, when the intestinal
canal is blocked up by reason of constipa-
tion, chronic or temporary. It should be
borne in mind that this ailment is prone to
become lasting and obstinate, and breed
other and worse complaints. Hostetter's
Stomach Bitters is the precise remedy to
remove the obstruction effectually, but
without drenching or weakening the
blocked bowels, a consequence always to
be apprehended from the use of violent
laxatives, which are among the most per-
nicious of the cheap nostrums swallowed
by the credulous and misinformed. The
flat of experience, and of the medical
fraternity, sanctions the claims of this stand-
ard aperient. Not only as a source of relief
and permanent regularity to the bowels,
liver and stomach, but as a means of re-
medying and preventing kidney and bladder
troubles, and fever and ague, it is without a
peer.

Baldness may be avoided by the use of
Hall's Hair Renewer, which prevents the
falling out of the hair, and stimulates it to
renewed growth and luxuriance. It also
restores faded or gray hair to its original
dark color, and radically cures nearly every
disease of the scalp.

When baby was sick, we gave her Castoria.
When she was a Child she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

TO CAPITALISTS.

I HAVE FOR SALE THE

Rancho Palos Verdes,

CONTAINING 17,000 ACRES OF THE

most valuable and cheap land in the

State, comprising about 3,000 acres of

bottom and mesa land lying within fifteen

minutes drive of Wilmington, upon which is

one of the most beautiful FRESH WATER

LAKES in the State, and with an

extensive island in the center. Numerous

FINE SPRINGS on its borders supply

it with fresh water.

THIS LAND LIES IN THE ARTIST'S BELT,
and would make one of the most desirable
sites for a flourishing town to be found in
this country. On the northern boundary of
this tract of mesa lands, on the McDonald
ranch, lies the site known as Broad Acres,
where land is sold from \$100 per acre to
two to three miles to the west. The
western boundary runs along the beautiful
coast, where the noble Palos Verdes range,
back to the place of beginning, adjoining the
city limits of Wilmington. These tracts
can be put upon the market and sold at once
FOR ENOUGH TO PAY FOR THE ENTIRE TRACT
OF 17,000 ACRES.

The other 14,000 acres extend from San
Pedro towards Balboa Harbor, its
northern boundary being within
four miles
new terminus of the line. Two-thirds
of this tract is composed of the finest table-
land, and of the richest soil, upon which is
now growing most luxuriant crops of the
various native grasses. With the exception
of several unproductive canons and
steep mountain sides on the west
end, every acre of it is fine agricultural
land, on which, with the possible exception
of the citrus variety, every description of
fruit raised in California can be successfully
produced.

The highest point on the Palos Verdes is
1,500 feet above the level of the sea, on to
which the carriages can be easily driven.
From this point some of the most magnifi-
cent views on this continent are to be seen.
San Pedro, with its fleet of ships and
steamers, lying at anchor or on the wind,
San Wilfrido in close proximity.
Farther to the east is the now
FAMOUS RATTLESNAKE ISLAND.

With its broad expanse of sand beach,
its fine groves of palm trees, and its
stretching away with a graceful curve to
Long Beach and Alamitos Beach, the future
of this tract is a matter of course.
Farther to the east spreads out before the
delighted gaze the great valleys of Los An-
geles, and still farther to the east are the
east are the towering peaks of the Sierra
Madre mountains, with "Old Father Time"
now crowning each of the peaks with a
panoramic view unsurpassed
anywhere.

We look down upon the lovely lake at
Balboa Harbor, whence the magnificent
beach of white sand, stretches away as
far as the eye can reach. Still further to
the westward, rising up out of the deep
blue ocean, apparently not five miles away,
are the lofty peaks of the beautiful Santa
Monica mountains, and in the distance,
the shadowy outline of Santa
Clemente Island, the whole forming a
magnificent landscape, and the
enthusiasm of the best landscape
painter.

TONS OF THE FINEST CHURCH,
Of many colors and shades, which have al-
ready been successfully used in the
construction of palaces, and which may be
seen in this city on one of our prom-
inent buildings. These, and still farther to
the east are the towering peaks of the Sierra
Madre mountains, with "Old Father Time"
now crowning each of the peaks with a
panoramic view unsurpassed
anywhere.

DAILY HERALD.

A BEAUTIFUL SCENE.

Opening of the New Boston Store

BY MR. J. W. ROBINSON.

An Establishment That is a Credit to Los Angeles and Southern California.

The new and magnificent dry goods store of J. W. Robinson, at Nos. 71 and 73 North Spring street, was last night thrown open to the public, and by eight o'clock fully three hundred of our best people were strolling through the establishment, and were long in their praise of the completeness and beauty of the emporium. The store was beautifully illuminated with electric lights and bright gas jets. The lady and gentlemen clerks were very neatly dressed, and the variety of new and bright goods and the store itself was shown off to the best advantage and under the most favorable circumstances. Mr. Robinson, who has been in the dry goods business since he was thirteen years of age, twenty-eight years ago, is the exclusive owner of this palatial dry goods house. Four years ago he came to Los Angeles from Waltham, Massachusetts, and established the "Boston Store," on Spring and Temple streets. By strict attention to business and successful catering to the desires and wants of purchasers of dry goods, he built up a trade for his house which to-day has placed him in the position of the leading dry goods merchant of Southern California. The store is, without a doubt, the finest south of San Francisco, and in many respects equal to the establishment of J. J. O'Brien, in San Francisco, which is known to be the finest store west of Chicago, not excepting St. Louis.

In order to give our readers an idea of this mammoth store, a brief description will be necessary, as well as interesting. The passer-by is at once struck with the unique and tasteful show windows on either side of the entrance. The windows are each 15 feet long by 8 feet wide, and 20 feet high, and are lighted from the outside by electric lights, which were specially arranged by Professor Warren so as to throw their scintillations full upon the windows, and produce a beautiful, soft and full light, and show off the wares advantageously. On entering the store the gorgeousness and fittings, which must have consumed considerable time, is at once observable. On either side are counters of rich, Spanish cedar wood, the entire length of the store, which is 42 feet wide and 168 feet long. In the center is another counter of the same material and length, and on the front part of which is a beautiful showcase 63 feet long from the front center and along the sides. This showcase is of fine French plate glass, and was especially made for the store by Rafael & Schlegel, the well-known Main street firm. These counters on which the numerous goods of Mr. Robinson's will be displayed, were made by J. C. Hyde, and painted by George Lott. In the center of the middle or main counter is the cashier's desk, furnished with all the modern improvements, and among which is an electric bell alarm for summoning the cash boys. Directly behind this desk is a spacious apartment for the bundle wrappers. In the middle of the right hand side counter is the entrance to a ladies' toilet room, and back from that is a long room for reserve goods. Behind this is a comfortably furnished gentlemen's toilet room, and another room for reserve goods. In the rear of the building is Mr. Robinson's office, which is connected with the help's room, where their time of coming to and going from work and lunch is recorded. Directly east of this room is the elevator, which will be utilized to hoist the goods to the New High Street entrance, where the delivery wagons will be stationed. The west or left counter is divided in different departments, and is as comfortably arranged as the other counters, all of which are provided with soft cushioned revolving stools for the convenience and comfort of purchasers. The store is also provided with Sampson's patent cash ball carrier, which takes the money with a tug for the amount of one's purchases to a cashier on an elevated platform, who returns the change in the same ball, while the bundles are being neatly attended to by experienced men in the wrapping department. The store will be under the superintendency of Mr. J. M. Lashbrook, who has been with Mr. Robinson ever since he entered business here. The departments of the store will be separate and under experienced salesmen who thoroughly understand their business and will be able to wait upon customers with dispatch. The departments are so classified that the floor walkers will direct persons to where they can make purchases in the following lines: Gentle furnishing goods, linen goods, domestic, drapery and shade prints, wash goods, white goods, saten goods, velvet, silk and black goods, notions, lace goods and gloves, parasols, corsets, ladies' children's and infants' underwear, wool dress goods, ladies' and children's suits.

The help of the store is very large and consists of sixty-eight salesmen and ladies, twelve cash boys, four cashiers, two bookkeepers, four bundle wrappers, two porters and two drivers for the wagons which will deliver purchasers' goods free of charge. It is almost needless to state that Mr. Robinson will in the future keep the same stock of first class goods as he has in the past, and will sell them as low as honest business principles will permit. Mr. Robinson will keep two buyers, one of whom will go to New York every month and remain one day and purchase for the Boston Store all the latest novelties in the eastern market and thus Mr. Robinson's stock and styles will be kept up the same as the eastern houses. Mr. H. W. Robinson, father of J. W. Robinson, will be in charge of the eastern buying house, which is established at 80 Chauncy street, in Boston. Mr. Robinson intends to conduct a wholesale dry goods house as well, and for that purpose is refitting and renovating his old store on the corner of Temple and Spring streets. He will carry one of the finest and largest stocks in California and will supply the dry goods houses of this entire southern country. Such citizens as Mr. Robinson do much to advance the progress of the coming metropolis.

The following named persons were yesterday licensed to wed: C. E. Woodruff and M. E. Smith, S. H. Adams and Ida Holt, James Rye and R. E. Walther, John T. Gaffey and Aroaidea Bandini, S. W. Brown and Maudie Hallist, Fred Woodrow and Rosea Bell, Howard Kirk and M. O'Brien, H. Ahrens and B. Resing, E. Beauchamp and C. J. Neilgan.

THE LIBEL SUITS.
They Are Dismissed and the Times Is Free.
Yesterday morning the cases of Boyce vs. the Times-Mirror Company, on dismissal, were called in Judge O'Melveny's department of the Superior Court. Both sides were willing that the cases should be dismissed, but Col. Boyce wanted a letter written by him to his attorneys, authorizing the dismissal of the cases, filed. Judge O'Melveny ruled that the letter was not a proper document to be filed, and thereupon dismissed the cases. BOYCE'S LETTER.
Following is the full text of the letter which Col. Boyce desired to have filed. In it he gets very close to the late lamented editor of the Times:
"LOS ANGELES, Cal., May 28, 1887.
"Messrs. Williams & McKinley—Gentlemen: The present managers of the Los Angeles Times having given the most positive assurance, both in private to myself and friends and in public, that they desire to do me full and complete justice for the uncalculated attacks heretofore made upon me in the columns of that paper, having now published in a full issue of the Times the editorial agreed upon, and having changed the editorial policy heretofore pursued by removing the managing editor, and it being understood that the retirement of the said editor is to be permanent; I desire to signify my acceptance of the assurance given by a withdrawal of the suits heretofore entered against the Times-Mirror Company.
"I am the more willing to do this because the managers of the Times, after a full inspection of the documents in my possession, frankly acknowledged that they had no case and could not substantiate a single one of the charges made. Indeed, they go farther than this, and assert most positively that the former publications were made without their knowledge and consent, and that they disavow and disown each and every one of them. When this was made to appear, I instantly decided to accept the assurance given, and with the most perfect good faith to meet every advance on the part of the present managers of the Times.
"I can do this the more readily as I have not at any time desired to recover money from them, but only that they should state the truth and stand by it.
"In requesting you to withdraw your motion for a reinstatement of the suits and to enter a dismissal of them if they are reinstated, I take the liberty of calling attention to the fact that heretofore no one need feel himself to be at the mercy of a newspaper simply because one has fallen under the control of a man who is willing to use it for personal and unjustifiable ends.
"There is a majestic power which, when once aroused, is irresistible, and before which every other agency in the universe must bow. I mean that sense of even-handed justice in the public mind, which instantly and unerringly adjudges the right and condemns the wrong. To that sentiment I appealed, and am satisfied with the result, as I trust my friends and the public at large will be. Every step on my part has been straightforward, frank and open, and I stand by the record as it is made. Faithfully yours, H. H. Boyce."
This ends the matter, and the cry should be "On with Gladstone," and all other legitimate enterprises, and let the best rascal in real estate circles receive his full reward, regardless of the fact that some man on a newspaper "has it in for him."

New Corporations Filed.
South Pasadena Methodist Episcopal Church, an association for the purpose of forming a religious corporation, with the foregoing title and designation; the objects and purposes being to establish a Methodist Episcopal Church at South Pasadena, in Los Angeles county, and in connection therewith suitable and customary organizations for the purpose of public worship and religious training in that neighborhood, according to the articles, rules and discipline of the United States, under the Supervision of the General Conference of the Methodist Episcopal Church; to take charge of the building, estate and property, and affairs of the temporalities thereof. Principal place of business, South Pasadena; city of Los Angeles; duration, fifty years; the number of Trustees to be, namely, J. B. Soaper, G. W. Wilson, H. J. Cone, O. R. Dougherty and W. P. Hammond, all of Pasadena.

PORTER LAND AND WATER COMPANY.
A voluntary association of citizens and residents of California, forming a corporation of the above name; for the purpose of buying and otherwise acquiring real and personal property, and to improve the same; to buy and otherwise acquire water rights, to sell and dispose of the same, and to discover and develop water, and to store, pipe, sell and otherwise distribute it; to follow the business of breeding and dealing in stock, and the storing and dealing in grains and other agricultural products, and to divide the proceeds arising from these, as well as the acts done by virtue hereof. Principal place of business is to be in the city of Los Angeles; duration, fifty years; Directors, five, namely: Dan McFarland, Jesse Yarnell, John B. Baskin, E. A. Forrester and L. T. Garvey, all of Los Angeles. Capital stock, \$254,000; number of shares, 524, of the par value of \$1,000 each; that the amount of capital stock actually subscribed is \$254,000, by the following parties, namely: George K. Porter, \$19 at \$519; Dan McFarland, \$1,000; Jesse Yarnell, \$1,000; L. T. Garvey, \$1,000; John B. Baskin, \$1,000; E. A. Forrester, \$1,000.

A Suit for Property.
G. Scott yesterday filed suit in the Superior Court against E. S. Field. Plaintiff alleges that in 1884 Hortensia de Ramos sold to defendant a certain piece of property on the corner of Upper Main and New High streets; that Hortensia was not of age at the time she made the sale and afterwards disaffirmed the sale. In June, 1886, Hortensia and her husband sold the property to plaintiff for \$8000, receiving \$800 down. In August, 1886, plaintiff alleges that Hortensia and her husband made a deed to Field of the property and left the country. Scott says that Mrs. Hamov interest in the property amounted to \$2355, and he wants to pay that sum to Field and get a deed. This property is now very valuable.

FINANCE AND TRADE.

A Review of the Day's Transactions.

New York, May 31.—The stock market to-day was moderately active for the most part but was displaced considerably by feverishness, and the result of the day's trade is not of particular importance to either side. There was considerable buying of stocks, but a feeling of uncertainty was prevalent, and the small gains established were in most cases neutralized by some of the speculative lites. There is an appearance of a marked degree of weakness and none of them made any material advance, although the number of low priced stock dealt in were unusual.

FINANCIAL.
New York, May 31.—Closing quotations were: Four per cent. coupons, 129½; Central Pacific 40½; Denver & Rio Grande, 32½; Michigan Central, 33½; Kansas and Texas, 32; New York Central, 101½; Pacific, 32½; preferred, 62½; Northwestern, 25½; Oregon Improvement, 24½; Oregon Navigation, 54; Oregon Transcontinental, 34½; Pacific Mail, 61; Texas Pacific, 34½; Union Pacific, 61½; United States Express, 128; Wells, Fargo Express, 33; Western Union, 77½.

THE KEYSTONE ADDITION.
A Big Room in That Locality.
The change in the depots of the great Santa Fe system, although expected, came unexpectedly.

To-day the local and through passenger trains—ten each way per day—will pass through the beautiful Raymond Addition to Pasadena.
It seems almost unnecessary to resort to anything that will look like an advertisement, but it is only just to the public that they be advised that this "Heart of the Pasadena" is the point where the "cut off" leaves the old San Gabriel Valley Railroad line. North and east adjoining Raymond Hill—with that magnificent hostelry, The Raymond, lies this nucleus around which will cluster the wealth and business of all the region round about.

No suburb of Los Angeles possesses the superior railroad facilities of the Raymond Addition to Pasadena.
Ten trains per day each way, and on the Santa Fe route, not only the overland and San Diego trains, but the local Pasadena trains, all stop at their depot, the Junction. They have water under pressure, gas, and are closing contracts for the popular bituminous lime rock pavement for sidewalks. They should claim the copyright on the name of Gift-Edged Raymond Addition to Pasadena.

Not only the trains of the great Santa Fe system pass their station, but the P. R. and the Alameda Dummy Railroad all enter here. It seems strange that so many advantages are possessed by Raymond, but the topography of the country is such that it must be. It will make it possible for the Los Angeles to live in Raymond with less inconvenience than on an ordinary street car line, and possess the combined advantages of city and country.

Every visitor to Southern California has visited Pasadena. Every visitor coming next fall will visit Raymond—he can't help it, because old Pasadena will be on the branch, and Raymond on the main line "Boulevard."

DAILY HERALD. CITY COUNCIL.

Contracts Awarded for the Street Paving.

THE FIRST-STREET SWITCHES.

Water for the Bath House—Fire Alarm System—Other Matters.

The City Council met yesterday, President Broed in the chair, and Messrs. Goss, Stearns, Collins, Jones, Hyams, Kuhn, Lovell, Perry, Gibbs, Willard, Miller and Johnson present.

After adopting the minutes the following business was transacted:

The Mayor presented the following: GENTLEMEN—I have the pleasure to report to your honorable body the improved sanitary condition of the city by the employment of the four health inspectors who were employed to clean up the city. The assistance given by the people has been commendable, only three arrests having been made for non-compliance. The inspectors having visited the entire city on two separate occasions I deem their further services unnecessary and ask their dismissal, as the Health Officer can hereafter attend to nuisances.

The Mayor's recommendations were carried out.

The special committee appointed on the railroad crossing reported as follows:

GENTLEMEN—Your committee to whom was referred the laying of switches across First street by the Atchison, Topeka and Santa Fe Railroad Company, beg leave to respectfully report as follows: After several interviews with Colonel Ferrie, Chief Engineer, and other railroad officials, a suspension of the laying of switches across said street was arranged until the arrival of the Vice President, C. W. Smith, from the east, who will arrive here this week, when we think an amicable settlement will be made with said company by either the removal of said switches or the building of an elevated causeway or viaduct over the tracks so as to avoid the creation of any death traps at this point. The committee asked further time, which was granted.

OFFICERS' REPORTS.

The Zanjero and Mayor Workman reported collections for water of \$1242.50 during May. Referred to the Finance Committee.

The City Assessor reported collections of \$627.32 during the past week. Referred to the Finance Committee.

The Zanjero reported expenses of \$136.50 during the week. Referred to the Finance Committee.

The Auditor presented a list of balances in the several funds of the treasury. Referred to the Finance Committee.

The City Auditor reported that the assessments for the widening and improving of San Pedro street had been paid in full to the City Treasurer and recommended that a warrant be drawn for the amount payable to the order of County Clerk Danmoor. Warrant ordered drawn.

The Superintendent of Streets reported the following hydrants necessary: Sprinkling, Matthews and Aliso streets, State and Aliso avenues, First and Vigor streets, Tenth and Olive street, Eighth and Flower street, Olive and Third street, New Cincinnati and Temple street, Belmont avenue and Temple street. Fire hydrants, Fifth and Los Angeles, Ninth and Pearl, Brent and Temple, Temple and Bunker Hill avenue. Adopted and the Clerk authorized to notify the proper parties to put in the hydrants.

The Superintendent of Streets asked leave of absence for two months and permission to have Mr. W. W. Robinson act as deputy during his absence. Granted, and Mr. W. W. Robinson ordered sworn in as deputy.

The Chief of Police reported collections of \$302 delinquent licenses during May. Referred to the Finance Committee.

BOARD OF PUBLIC WORKS.

On petition of Samuel Barlow and others to have Hoff street widened, recommended the same be referred to the City Surveyor with instructions to make sketch of Hoff street. Adopted.

On petition of S. C. Foy against the widening of Seventh street, recommended the same be filed. Adopted.

On petition of P. H. Lemmett as to the legality of piping of the Arroyo de Las Keyes, the Board asked further time. Adopted.

On petition of S. Barlow and others for permission to grade Hoff street, recommended the same be granted, provided the work be done in accordance with regular specifications, and the entire blocks are graded at one time. Adopted.

On petition of A. W. Francisco and others to turnpike Rowland street to the established grade of such portions as consent of property owners may be obtained, recommended the same be denied unless entire blocks be graded and the work is done in accordance with regular specifications. Referred back.

On protest of John Keefe and others against the erection of electric railroad poles on Los Angeles street, report that the railroad company has no authority to erect any poles on Los Angeles street. Received and filed.

On petition of O. H. Bliss and others, against standing of the cars of the Southern Pacific Railroad Company on Alameda street, between the planning mill and Huber street. Referred to Superintendent of Streets.

On petition of W. S. Maxwell, asking permission to build side tracks on his premises, No. 114 Alameda street, below Ducommun street. Recommended that the petition be denied. Adopted.

On petition of V. Beaudry, asking permission to grade certain streets on his property. Referred to the City Surveyor.

On petition of citizens' meeting, Wm. H. Workman, Chairman, in regard to trains running at a higher rate of speed than six miles an hour on Alameda and San Pedro streets: Report that there is an ordinance regulating the speed of trains. Received and filed.

Recommended that Mrs. Scott remove her fence back to the line of her property. Adopted.

Recommended that Frick Brothers be paid \$800 for work performed. Adopted.

Recommended that one drinking fountain be placed in Sixth street Park and one at the Plaza. Adopted. Supply Committee were instructed to purchase the fountains.

On petition of J. W. Hinton, trustee, for proposed exchange of lands for street purposes: Ask for further time in order that the members of the Board may look over the lands in question. Granted.

Recommended that the bill of Shallert & Ganahl, for grading, be paid. Referred to Finance Committee.

STREET PAVING.

Recommended that the contracts for

paving Main and Spring streets as prepared by the City Attorney be adopted. The contracts were read by the Clerk. Protests were also read from numerous property owners protesting against paving Main street between First and Third streets, and between the Plaza and Third streets. After considerable discussion as to the manner of paving Main street with granite or bituminous rock, it was decided to pave with granite blocks from Marchessault street to Third. It was also decided that this paving be completed within ninety days after the assessments have been paid into the City Treasury. Mr. Joseph Scherer presented bonds for the performance of his contract. The specifications for granite pavement were adopted. Mr. Goss moved that the street railroad company be allowed to pave between the tracks with bituminous rock. There was some doubt as to whether the ordinance granting franchises to the companies would permit the pavement to be different between the tracks from the rest of the street. It was decided that the right to select the pavement was vested in the Council, and the companies on Main street were given permission to pave with bituminous rock between the tracks. The contract was altered accordingly, and after the bond was approved the contract was adopted.

The contracts between Dobinson & Fairchild and the city were read, providing for the paving of Spring street to Ninth, and of Main from Third to Ninth, and on Main from Alameda to Marchessault, with bituminous rock, and the specification for the same were adopted. The contractors were allowed five months to complete the work after the money has been paid to the Treasurer. This contract, as amended, was approved after bonds for \$50,000 were adopted, with Alfred Walker, W. J. Brodick, E. F. Spence and J. F. Crank as sureties.

COMMITTEE REPORTS.

The Finance Committee reported favorably on the reports of the various officers and recommended that they be filed.

The Board of Education reported as follows:

LOS ANGELES, CAL., May 25, 1887.

To the Honorable City Council.

We, the members of the Los Angeles City School Board, respectfully represent to your body that we need \$100,000 for the purchase of school sites, for the erection of school-rooms thereon and furnishing of the same as follows:

The addition to Highland View school of 1 room

The erection to Brooklyn Heights school of 4 rooms

The addition to Amelia street school of 4 rooms

The addition to Castelar street school of 4 rooms

The erection on Pearl street of 2 rooms

The erection on Montgomery street of 4 rooms

The erection on San Pedro street of 2 rooms

The erection on corner of Fourth and Los Angeles streets site school of 8 rooms

The purchase in western part of the city of two sites and the erection on one of them of 2 rooms

Total 31 rooms

We request that your body take the necessary steps toward calling an election in the city for the purpose of issuing bonds to the above amount and for the above purposes, and that the election be called at the earliest possible date.

Signed: Dr. Joseph Kurtz, President; Anna S. Averill, Secretary; F. S. Graham, Charles P. Thurston, C. N. Earl.

Referred to the City Attorney.

The Zanja Committee recommended that the petition of Harkness & Gillig, for zanja water for bath house purposes, be granted, providing a five-inch pipe be connected with zanja No. 3, S. E., after the Woolen Mill pipe line is completed, or the Nichol's ditch, and that the Zanjero sell water to petitioners at the rate of \$20 per month, and that the contract be drawn for ten years, with bonds in the sum of \$2,500. Adopted.

The Special Committee on the Richmond Fire Alarm submitted the report of the Chief Engineer, who reported that some of the gongs and boxes were out of order. The Committee recommended that the system be repaired by the Company.

The contract with the Company was read by the Clerk. Mr. Hyams said that the time had expired and the alarm had not proved satisfactory. He thought that it would be a saving to the city if the thing were to be taken out. He would make a motion to that effect.

Mr. Kuhn said the only trouble was with two gongs.

Mr. Hyams moved that the Clerk of the Council notify the Company to remove the gongs.

Mr. Lovell said that, under the contract, no more money is needed to be spent until it had worked perfectly for one year. The trouble was that other electric men were fighting the system.

On motion of Mr. Kuhn, the City Surveyor was instructed to make the necessary assessments for paving Main and Spring streets.

The City Surveyor presented resolutions establishing the grade of Figueroa street and of Fort, between Rock and Temple.

A number of property owners presented protests against the construction of switches on First street by the A. T. & S. F. R. R. Co., and asking that those all so constructed be removed.

Mr. Francis stated that the petitions were gotten up previous to the report which the committee handed in. They were referred to the Special Committee.

The City Attorney presented a resolution providing for the improvement of portions of Kuhrt street, near the river; an ordinance providing for the widening of Sanaveau street; for the improvement of Fourth street; to improve Pico street; to widen Exchange street; to improve College street, San Francisco street, Prudent street, and Hoff street, which were adopted.

The City Attorney recommended that the communication of Alfred Moore be referred to the Land Committee with power to act. Adopted.

A communication was received from the Francisco Bridge Company, requesting that the certified checks be returned, and that the balance due upon the Buena Vista street bridge be paid.

On motion of Mr. Kuhn, the clerk was instructed to notify the parties owing money on the same to pay.

Proposals for constructing pipe for zanja were referred to the Zanja Committee.

Proposals for grading of Castellar and Bellevue avenue intersections were received from P. Bachman and W. K. Lewis. Referred to the Board of Public Works.

Proposals were received for an iron fence for the parks, from Chas. Nutting, of the Pioneer Iron Works, San Francisco; Frothing Brothers, of San Francisco; Baker Iron Works. Referred to the Committee on Parks.

Bids for the railing and galvanized iron works were received from E. W. Spencer, and were referred to the Bridge Committee.

On motion of Mr. Collins Councilman Teed was granted two week's leave of absence on account of ill health.

COMMUNICATIONS.

The following communications were received and referred to the proper committees:

From A. Jacoby et al., asking that the necessary steps be taken to open Los Angeles street, from Seventh to Eleventh, eighty feet wide.

From F. E. Hunter et al., asking that

Jenkin's avenue be graded from Main to Grand avenue.

From property owners of Boyle Heights, asking for an electric light mast at the intersection of Soto street and Brooklyn avenue.

From F. C. Howes et al., asking for a deed to certain property.

From J. C. Kays et al., asking for an electric-light mast on the corner of Ninth and Earl streets.

From P. W. Dooner, asking permission to connect with the San Fernando street sewer.

From Mrs. W. H. Scott, asking that certain damages be awarded as described by a former petition.

From F. N. Canly et al., asking permission to grade Wall street between Fifth and Seventh.

From R. C. Brown, asking that the name of Deep Water street be changed to Bartlett street.

From E. K. Green, asking permission to do their own grading on Ninth street.

From J. H. Brock, asking to have the westerly branch of Zanja No. 7 abandoned, and to use another branch in its stead.

From C. E. Day, asking that Rio avenue be abandoned, as three cross streets have been laid out in that neighborhood.

From property owners on Main street between Washington and Jefferson, asking that permission be granted to grade, curb and side-walk the street.

The Council then adjourned.

Woman and Her Diseases.

is the title of a large illustrated treatise, by Dr. E. V. Pierce, Buffalo, N. Y., sent to any address for ten cents in stamps. It teaches successful self-treatment.

Would be a truthful name to give to Dr. Pierce's "Golden Medical Discovery," the most efficacious medicine yet discovered for arresting the early development of pulmonary disease. But "consumption cure" would not sufficiently indicate the scope of its influence and usefulness. In all the many diseases which spring from a derangement of the liver and blood the "Discovery" is a safe and sure specific. Of all druggists, it is sold.

How often is the light of the household clouded by signs of melancholy or irritability on the part of the ladies? Yet they are not to be blamed, for they are the result of ailments peculiar to that sex, which men know not of. But the cause may be removed and joy restored by the use of Dr. Pierce's "Favorite Prescription," which is a tonic and nerve for debilitated women. It is certain, safe and pleasant. It is beyond all compare the greatest healer of women.

Coal, Coke, Charcoal and Wood, Wholesale and Retail. Special rates for carload lots, delivered to all points. Office—8 Court street; Telephone 315. Yard—Corner Alameda and Jackson streets; telephone 315.

WALTER S. WELLS, Sole agent for Washington Coal.

A New Lumber Yard.

Has been established by the Shalier-Gash Lumber Company on Washington street, nearly opposite the Washington Garage, where they will keep full stock of all kinds of lumber and building material.

IVANHOE. 700 Acres in Los Angeles

DIVIDED INTO ONLY
1300 LOTS!

PRICES OF LOTS.
Up to 100 Feet Front, \$150. Half-acre Lots, \$200.
From 1-2 to 1 Acre, \$300. From 1 to 4 Acres, \$400. 5 Acre Lots, \$750.

TERMS—One-fifth cash, balance in eight equal monthly payments, without interest.

These prices will continue only until June 1, 1887, when they will positively be advanced. All who purchase before that date will have the benefit of the advanced prices.

The entire tract is beautifully situated, with a charming view, pure air and water and perfect drainage. The Ostrich Farm Dummy Railroad runs through the tract, with a five-cent fare guaranteed to and from the center of the city. This road will be completed to the tract July 1, 1887. Pure and abundant water will be piped through all the streets.

The title to the property is absolutely perfect. A complete abstract will be kept in the office of the Company for the inspection of all purchasers, and a certificate of title will be furnished to each buyer with his deed.

This tract is situated upon the hills, which are rapidly becoming the most desirable residence portion of the city. The soil is a warm, sandy loam, free from frost, being in what is known as the warm belt. The elevation is such that the temperature is more even than in the city.

NOTE—THE FIRST PURCHASERS HAVE FIRST CHOICE.

Free carriage to the tract every day from the office of the agents, at 9 A. M. and 1:30 P. M. Maps and circulars and all information can be had from

The Illustrated Herald.
A full supply of the ANNUAL HERALD is now on hand. Newsdealers and others should avail themselves at once to send to subscribers. No better evidence of Southern California's advantages could be sent to Eastern friends.

News Notes.
The examination of Mr. and Mrs. Rolfe, of vitriol fame, is set for to-day at 10 o'clock in Justice Austin's Court.

The Spring and Sixth street line has put on a new car. This action can be repeated often, to the gratification of the public.

Arthur Vinette yesterday contributed \$10 towards the Girls' Home. This is a worthy example set by Mr. Vinette and should be followed by young men generally.

Mrs. Valentine's Conservatory of Music will have their commencement exercises at the Congregational church this evening. An excellent programme is promised.

On Friday evening Branches 14 and 36 of the Young Men's Institute will give a literary entertainment and social at Armory Hall. This will be a most pleasant affair.

T. H. Ward, one of the late Republican County Central Committee, has filed a demurrer to Darcey's suit for \$1000. He alleges that Darcey's complaint is too "ambiguous."

Contractors and builders will observe by the HERALD this morning that the Pasadena Opera House Company mean business, and will receive sealed bids for the construction of that splendid edifice up to June 20th.

The list of unsolved letters at the Los Angeles Postoffice published in the HERALD every Monday morning, is larger than the list published in the San Francisco papers. This indicates that there are more transient people in this city than in San Francisco.

It was reported yesterday that there had been an escape of a number of prisoners from the city prison but Chief Skinner, Captain Tyler and others stated that they had heard nothing of it. A search of the roof of the prison did not reveal a means of exit. The rumor was therefore not confirmed.

The special car of C. W. Smith, Vice-President of the A. T. & S. F. Railway, arrived last night between 10 and 11 o'clock. Mr. Smith has come over from Topeka to see about the switching tracks on First street of the California Central Railway. It is hoped that a mutual arrangement can be made that will harmonize and protect all interests.

G. J. Griffith has filed a plea for the partial distribution of the Brisswiler estate. He alleges that Brisswiler in his will gave to Christina Messmer a certain piece of property on San Pedro street, that Miss Messmer assigned her right to L. A. Messmer, and that he, Griffith, bought the assignment from L. A. Messmer. Miss Messmer is now Mrs. G. J. Griffith.

Personal Mention.
B. H. Hereford, of Tucson, is in the city.

1. W. Lord, of Lordsburg, is in the city.

C. E. Randall, of Santa Paula, is at the Grand Central.

U. F. Del Valle, of the Camulos rancho, is in the city.

Dr. Burbank is at San Francisco on a short business trip.

A. H. Judson and family, of Beaumont, are at the St. Elmo.

H. T. Payne, of the Tribune, left yesterday for San Francisco on a business trip.

James Biggs, of Santa Paula, is visiting the city, and is registered at the Grand Central.

Dr. George P. Allen, late of San Francisco, has become a permanent resident of Los Angeles.

J. L. Vignes, of East Los Angeles, returned yesterday from a week's business trip to San Francisco.

Alph Thorm, cashier, and F. L. Presbrey, clerk, of the Raymond Hotel, are registered at the Nadeau Hotel.

Mrs. Edward Martin and sons arrived from San Francisco yesterday, and are the guests of Major J. Downey Harvey.

Captain J. H. Spencer, a retired officer of the United States Army, now located at San Gabriel, was in the city yesterday.

Captain C. P. Ferry, superintendent of agencies for several prominent insurance agencies on the Pacific Coast is in the city on a business trip.

W. S. De Van, a prominent merchant of New Orleans, La., arrived with his family from the Crescent city a few days ago, to make Los Angeles his permanent home.

Will Toney, who has been up in Nevada for some months past has returned to Los Angeles and will accept the position of Deputy under Constable Aguirre.

H. W. Robinson, father of J. W. Robinson, the dry goods merchant, arrived from Boston yesterday, and was present at the opening of his son's beautiful store last evening.

Thomas Case, the big-hearted cattle king of Ventura county, has been enjoying the hospitality of his numerous Los Angeles friends, and leaves for home to-day in company of U. F. Del Valle, of Camulos.

Mr. L. Cahen, a prominent business man of San Francisco, is in the city, the guest of Mr. M. Levy. He has not been in Los Angeles for four years, and is thunderstruck at the wonderful progress made during that time.

Mr. W. H. Holabird, who always advertises in the HERALD, is in the city. He is now sponsor for the settlements of Claremont, Fullerton, Buena Park, St. James, San Juan by the Sea, Fullon Wells and East Riverside, one for each day in the week.

Grand Opera House.
A celebrated Cate was repeated last night, but not to good advantage as on the previous evening. Mr. Morrison gave a painfully realistic rendition of the role of the martyr-convict, and Miss Morrison, his daughter, as "Adrienne," grew in favor with the audience. To-night a change of programme will take place, and the sensational melo-drama of "The Valley Slave" will be presented.

RAILROAD CHANGES.

New Depot, New Coaches, New Locomotives and Baggage Cars.
Last night the freight and passenger trains of the California Central were removed from their present quarters at Downey Avenue to the new tracks of the Company between First and Second streets. The Southern Pacific Company has delivered to the Central a vast number of cars which had come in over the S. P. track, so that a large array of freight and passengers now cover the ground which a few days since was a vineyard.

All trains for Pasadena, San Bernardino, San Diego and overland points will to-day and hereafter start from First street. Passenger trains will halt for passengers at Downey Avenue. This movement will give great relief to the S. P. yards, which have been greatly crowded for more than a year past. There seems to be a constant increase of railroad business, and though both railroads have built several miles of side track, the tracks are occupied as soon as made.

The work done by the California Central during the past ten days is immense. A street has been made from First to Second, and graded, with cemented red clay and gravel from the hills; cross streets have also been made, and 1,000 feet of plank platforms have been constructed. A freight depot 600 feet long has been built, a ticket and express office constructed and four tracks made and ballasted in good style.

Over 200 men are constantly at work and about fifty teams in carrying out this prodigious work. The electric cables were put up yesterday and the railway tracks were illuminated last night. Mr. W. B. King, transmitter of the vanished L. A. & S. G. V. railway will remove his headquarters to the First street office. The general office for through business will remain as before, at 230 N. Main street.

But the most important news in regard to this railway movement is the arrival of four new locomotives, four passenger coaches and four baggage cars. This accession to the motive power and rolling stock of the company will be of great advantage, especially to the local travel, which is very heavy between Los Angeles and San Bernardino.

A change from light to heavy rail is now taking place between the Raymond and Los Angeles. Thos. Banbury, the grader of the short line road from La-manda Park to the Raymond, is pushing things as fast as possible. As no teams can be hired, Mr. Banbury is compelled to buy teams to crowd the work. The track from Highland Park to the new bridge over the Arroyo Seco is laid, and as soon as the bridge is done Mr. Banbury will have the road ready in the side of the hill from the bridge to Lincoln Park. Both these short cuts will be completed before the culvert and fill are made at Sycamore Grove.

Passengers will please notice that they will have to take the S. P. cars hereafter for Shorb's, Alhambra, Ramona, San Gabriel, Savannah, El Monte, Puente, Spadra, Pomona, Ontario and Cucamonga.

The S. P. Company will put on to-day an extra train for Colton, leaving at 9:10 A. M.

C. Daniel, Master Mechanic of the California Southern and California Central, assumes his robes of office to-day at the First street station.

J. R. Gott, train master of the California Southern, is in the city to arrange and complete the transfer of cars and supplies to the new depot.

E. Chambers, formerly agent of the California Southern Railroad at San Diego, has become agent of the California Central at the new depot on First street.

DAIRY MAIDS.

The Festival to Close at the Pavilion.

There was a large attendance at the Dairy Maids' Festival at the Pavilion last night, and the interest taken in the illusions on the stage, under the direction of Mr. John W. Sherman, were as great as ever. The sales of refreshments at the cottages were very encouraging, and it is now certain that there will be a handsome profit to be handed over to the Congregational Church. To-night the festival will close, and the public will have the last chance to see the wonderful illusions and tableaux. It is expected that the Festival will close with the largest attendance of the season, and, with that end in view, the programme has been selected so as to give all an opportunity of witnessing the best tableaux, the most wonderful illusions, and all of those pieces which have attracted the most attention. The selection to be presented is as follows:

Under the snow, with snow storm and solo by Mrs. F. B. Fanning.

24 Mythological Illusions by H. C. Dean, H. B. Sullivan and ladies.

Sappho (Miss Sawtelle) will walk out on the stage and disappear.

Revolving Illusions, three little maids, dairy maids, shepherd lads and ice symbols.

Grand Allegorical Tableau, Goddess of Liberty and California, by Miss Mattie Rogers and Mrs. H. C. Dean.

Sculptural Illusions, Rock of Ages, etc., by Mrs. F. B. Fanning, soloist.

Ice symbols with Aurora Borealis.

Ice fountain with dancing waters.

Chinese mother, by Mrs. H. C. Dean.

Gold shower, Chinese, drills and refreshments.

Captain Purvis, ship Clennysville, at San Pedro, is at the St. Elmo.

Haley's Conspiracy Case.

The case of Haley vs. Glower et al., which has been in the courts for some months past, was decided yesterday morning by Judge Hutton in favor of the defendants. This is the case where Mrs. Haley sued Geo. W. Glower, Esq., Mrs. P. Haley and Diego Lopez for conspiracy, and laid damages at \$20,000. The Judge said that Mrs. Haley had nothing to do with the case. As to Mr. Glower, the Judge found that he had only done his duty as an attorney. So far as Lopez is concerned, the Judge says that a great friendship had existed between Lopez and Haley; this friendship was suddenly broken and the evidence discloses no other reason for the rupture than that Lopez had been seduced by a bribe offered him by Haley. In conclusion Judge Hutton says: "I think there should be a limit as well as an end to all of this litigation."
